Temperature	MAX		91F	92F	92F	92F	91F	90F
	MIN		76F	77F	77F	77F	78F	77F
Remarks		<a href="#">REFER TO THE 24 HOUR PLANNING FORECAST</a>						

(Severe Weather is defined as Tornadoes, wind GTE 50kts, and/or hail GTE 3/4")

Percentages refer to the probability of an event occurring within the Spaceport and not the total area coverage or the amount of time occurring. When feasible, the remarks section will be used to specify geographical areas most likely to be affected, e.g., West of Banana River.
